Independent auditor's report on review of condensed interim financial information

The Board of Directors
Shamal Az-Zour Al-Oula Power and Water Company K.S.C. (Public)
State of Kuwait

Introduction

We have reviewed the accompanying 30 June 2024 condensed interim financial information of Shamal Az-Zour Al-Oula Power and Water Company K.S.C. (Public) (the "Company"), which comprises the condensed statement of financial position as at 30 June 2024, the condensed statements of profit or loss and comprehensive income for the three and six-month periods ended 30 June 2024, the condensed statement of changes in equity and cash flows for the six-month period then ended, and notes to the condensed interim financial information. Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with IAS 34, *Interim Financial Reporting*. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2024 condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34, *Interim Financial Reporting*.

Report on review of other legal and regulatory requirements

Furthermore, based on our review, the condensed interim financial information is in agreement with the books of account of the Company. We further report that, nothing has come to our attention that causes us to believe that there were any violations of the provisions of the Companies Law No. 1 of 2016, and its Executive Regulations, or of the Company's Memorandum and Articles of Association, as amended, during the six-month period ended 30 June 2024 that might have had material effect on the business of the Company or on its financial position.

We further report that, based on our review, nothing has come to our attention that causes us to believe that there were any violations of the provisions of the Law No. 7 of 2010, as amended, concerning the Capital Markets Authority, and its related regulations, during the six-month period ended 30 June 2024 that might have had material effect on the business of the Company or on its financial position.

Notes to the condensed interim financial information (Unaudited)
for the period ended 30 June 2024

1. Reporting entity

Shamal Az-Zour Al-Oula Power and Water Company K.S.C. (Public) (the “Company”) is a Kuwaiti shareholding company incorporated on 19 August 2013, under trade license No. 349479, registered at the Ministry of Commerce and Industry on 23 October 2013 and whose shares are listed on Boursa Kuwait.

The registered office of the Company is at 6th Floor, Mazaya Tower 2, Khalid Ibn Al Waleed Street, Block 3, Kuwait City, State of Kuwait.

The Company is deemed to be a partially owned subsidiary of Azour North One Holding K.S.C.C (the “Parent Company” and “Ultimate Parent Company”) as the Parent Company has the ability to direct the relevant activities of the Company, is exposed to variable returns from its involvement with the Company and has the ability to use its power over the Company to affect the amount of its returns.

In December 2013, the Company signed a Build, Operate and Transfer (“BOT”) contract with Kuwait’s Ministry of Electricity and Water (“MEW”) for the development, financing, procurement, construction, testing and commissioning of a green field power generation and water desalination plant of 1,500 MW of power generation capacity and 102 to 107 Million Imperial Gallons Per Day (“MIGD”) of water desalination capacity (the “Plant”), together with associated infrastructure and facilities for 40 years at Az-Zour North, Kuwait. MEW will purchase the entire output of the Plant under a 40-year long-term Energy Conversion and Water Purchase Agreement (“ECWPA”). The Plant was commissioned on 26 November 2016.

In accordance with the ECWPA signed between the Company and MEW in December 2013, the Company is obliged to produce electricity and desalinated water using the Plant and MEW has the ability to restrict the access of others to the economic benefits of the Plant. Furthermore, the ECWPA provides for capacity payments in addition to output payments. The Company determined that the ECWPA conveys a right to use the Plant by MEW and accordingly classified the ECWPA as a finance lease in accordance with the guidelines of IFRS 16, *Leases*.

The objectives of the Company are the following:

- a) To develop, finance, design, engineer and provide services and build, implement, operate and manage an electricity power generation plant and a water desalination plant and related facilities including performing all work directly or indirectly related to or associated with its activities.
- b) To carry out all work relating to the building works necessary for the Company to carry on its activity, including construction, purchase and lease of buildings, land, equipment and warehouses necessary for the realisation of the objectives of the Company and all the facilities relating thereto.
- c) To carry out all work of generation, production, transmission, making, development and sale of electricity and water or any product relating to any such work in and outside the State of Kuwait.
- d) To carry out chemical cleaning, hot oil cleaning works and disinfection for all heat exchangers and to carry out electrical and civil works necessary for electricity and water sector works (power plants, pipeline and electricity projects for desalination units and petrochemicals), to carry out all maintenance works including those relating to power generation, water, pipeline installations and installation of relay stations and installation of all insulation items.
- e) To import and install equipment at electricity and water locations for monitoring and measurement of air pollutants and to use skilled labor specialised in fighting pollution of the environment surrounding water and electricity plants.
- f) To purchase materials and equipment and all movable properties and instruments necessary for the Company to realise its objectives and to maintain the same by all modern means possible, and to import primary materials, equipment and instruments necessary for the Company’s objectives.
- g) To supply and install security and safety equipment relating to the objectives of the Company.

Notes to the condensed interim financial information (Unaudited)
for the period ended 30 June 2024

1. Reporting entity (continued)

- h) To import all necessary equipment to implement its objects, including but not limited to, install, supply and maintain all types of power cables, electrical cables, water pumps, instruments and equipment relating to the activities of the Company.
- i) To register patents relating directly to the Company's experience.
- j) To carry out technical research relating to the Company's business with the aim to improve and develop the Company's services in cooperation with specialised parties in and outside the State of Kuwait.
- k) To directly participate in infrastructure zones and projects relevant to the objectives of the Company in BOT systems or in other similar systems including those referred to in Law No. 39 of 2010 (and its amendments) and to manage the facilities established thereby.
- l) To invest the Company's funds within the objects and percentages set out by the Board of Directors.

The Company may carry out the activities listed above in and outside the State of Kuwait, whether as a principal or agent.

The Company is permitted to participate in, study, finance or implement any project or projects that have been tendered pursuant to Law No. 39 of 2010 (and its amendments) on Establishing Kuwaiti Joint Stock Companies Undertaking Building and Implementation of Electrical Power and Desalination Plants in Kuwait.

On 2 May 2024, the Annual General Assembly meeting of the shareholders approved the audited financial statements of the Company as at and for the year ended 31 December 2023.

This condensed interim financial information was authorised for issue by the Company's Board of Directors on 7 August 2024.

2. Basis of preparation

This condensed interim financial information has been prepared in accordance with IAS 34, *Interim Financial Reporting* and should be read in conjunction with the Company's latest annual financial statements as at and for the year ended 31 December 2023 ("latest annual financial statements"). It does not include all of the information required for a complete set of financial statements prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards"). However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the latest annual financial statements.

This condensed interim financial information is presented in Kuwaiti Dinar ("KD"). The Company's functional currency is not the currency of the country in which it is domiciled as majority of the transactions of the Company are denominated in USD. This condensed interim financial information is presented in KD for the purpose of submission to the regulatory authorities in the State of Kuwait.

Operating results for the six-month period ended 30 June 2024 are not necessarily indicative of the results that may be expected for the year ending 31 December 2024.

3. Judgements and estimates

In preparing this condensed interim financial information, management has made judgments and estimates that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those described in the latest annual financial statements.

Notes to the condensed interim financial information (Unaudited)
for the period ended 30 June 2024

4. Material accounting policies

The accounting policies used in the preparation of this condensed interim financial information are consistent with those used in the preparation of the latest annual financial statements, except for the new standards and interpretations which became effective as of 1 January 2024. Several amendments apply for the first time in 2024, but do not have a material impact on the condensed interim financial information of the Company.

The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

5. Finance lease receivable

Finance lease for which the Company acts as lessor

The lease falls within the scope of the IFRS 16 and applies to the ECWPA on the basis that it is an energy conversion and sale contract that conveys an exclusive right to use a production asset. The Company has recognised a finance lease receivable as follows:

	30 June 2024

	427,344,997	434,437,731	442,155,010

The interest rate implicit in the finance lease is 5.5% (31 December 2023 and 30 June 2023: 5.5%) per annum.

6. Hedge reserve account and derivative financial liabilities

In the ordinary course of business, the Company uses derivative financial instruments in the form of interest rate swaps to manage its exposure to fluctuations in interest rates. A derivative financial instrument is a financial contract between two parties where payments are dependent upon movements in the price of one or more underlying financial instruments, reference rates or indices. Interest rate swaps are contractual agreements between two parties to exchange interest based on notional values in a single currency for a fixed period.

In accordance with the common terms agreement signed with the lenders, the Company is required to swap the floating interest rate due on its borrowings to fixed interest rate through interest rate swaps. Accordingly, the Company entered into a number of forward starting interest rate swaps from January 2014 to August 2036 to hedge variable rate interest payments on its outstanding debt and future debt issuances. In November 2020, the Company entered into two additional voluntary interest rate swaps to replace expiring swap coverage. These swaps have been classified as cash flow hedges. The increase in the fair value of the outstanding interest rate swaps as of 30 June 2024 amounting to KD 7,542,540 (31 December 2023: decrease of KD 475,460 and 30 June 2023: decrease of KD 2,336,277) has been taken to the condensed statement of comprehensive income and classified as hedge reserve in equity.

6. Hedge reserve account and derivative financial liabilities (*continued*)

Fair value of derivatives

Under interest rate swap contracts, the Company agrees to exchange the difference between fixed and floating rate interest amounts calculated on agreed notional principal amounts. Such contracts enable the Company to mitigate the risk of changing interest rates on the cash flow exposures on the issued variable rate debt. The fair value is calculated as the present value of the estimated future cash flows. Estimates of future floating rate cash flows are based on quoted swap rates, future prices and interbank borrowing rates. Estimated cash flows are discounted using a yield curve constructed from similar sources and which reflects the relevant benchmark interbank rate used by market participants for this purpose when pricing interest rate swaps. The fair value estimate is subject to a credit risk adjustment that reflects the credit risk of the Company and of the counterparty.

The table below shows the fair values of derivative financial instruments, together with the notional amounts analysed by the term to maturity. Notional amounts represent amounts to which a rate or price is applied to determine the amounts of cash flows to be exchanged and do not represent the potential gain or loss associated with the market or credit risk of such instruments.

12. Basic and diluted earnings per share

Basic earnings per share are calculated by dividing the profit for the period attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the period.

Diluted EPS is calculated by dividing the profit attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the period plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares. As there are no outstanding dilutive instruments, the basic and diluted earnings per share are identical.

13. Operating segment

The Company produces water and electricity in the State of Kuwait on behalf of MEW from which it earns revenue and incurs expenses, the results of which are regularly reviewed by the Board of Directors of the Company. Accordingly, the Company has only one reportable segment and information relating to the reporting segment is set out in the condensed statements of financial position and profit or loss and comprehensive income.

14. Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Underlying the definition of fair value is the presumption that the Company is a going concern without any intention, or need, to liquidate, curtail materially the scale of its operations or undertake a transaction on adverse terms.

The Company uses the level 2 hierarchy inputs to measure the fair value of derivative financial instruments. The carrying amounts of financial assets and financial liabilities that are liquid or have a short-term maturity are approximately equal to their fair value.

17. Contingencies

Contingent assets are not recognised as an asset until realisation becomes virtually certain. Contingent liabilities are not recognised as a liability unless as a result of past events it is probable that an outflow of economic resources will be required to settle a present, legal or constructive obligation and the amount can be reliably estimated. The Company had no contingencies as at 30 June 2024 (31 December 2023 and 30 June 2023: nil).
